

UK AIRPORTS SAFETY WEEK 2019

13 - 19th May

Your Safety, Our Safety

Alzheimer's & Dementia Training

In honour of Airport Safety Week and the increase in passengers travelling with hidden disabilities, Alzheimer's training sessions are being held focusing primarily on how to best assist passengers travelling with this disability.

Training sessions will consist of a 20-25 minutes educational talk on passengers travelling through the airport with Alzheimer's, followed by 30 minutes of interactive items and exercises, this training will be beneficial to any staff who are front facing or deal with the public from time to time.

For any operation staff that that will need to leave their mobile phones and radios on, Wendy is fully appreciative of this.
