

Jersey Airport – Rapide Cards

Customer Guide

Enquires to: parking@ports.je

Entry Process – Rapide Card

Step 1: At the entry station, present Rapide card to the proximity reader as shown by the  symbol. The proximity reader is located just below the ticket dispenser. Please allow time for the card to be read.

Step 2: Screen will display a welcome message and the balance remaining on your card. When the balance on your card is low a prompt/reminder to top up will be displayed.

Step 3: Enter the car park once the barrier is in the fully raised position

Exit Process – Rapide Card

Step 1: At the exit station, present Rapide card to the proximity reader as shown by the  symbol. The proximity reader is located just below the ticket slot. Please allow time for the card to be read.

Step 2: The screen will display the remaining balance on your card.

Step 3: Exit the car park once the barrier is in the fully raised position

Adding Credit – Rapide Card

Step 1: Present your card to the proximity symbol at one of the pay stations until the screen activates

Step 2: The pay station screen will display the maximum allowed top up value. The amount of credit to be added to the card can be adjusted from the maximum using the +/- icons on the screen.

Step 3: Once the amount is set to the value of the credit you want to add, the confirm button should be selected and paid for using cash and or a credit/debit card.

Pay Stations:

There are five pay stations for car parking at Jersey Airport.

1. three pay stations in arrivals building
2. one in departures building
3. one external pay station within the main car park
